겨울이, 사기나
예술이나 예술가나
예술이나 외모이나

예술이나 사기나 largely resembles "فصل" and "فينة" in Persian. I have not hallucinated. I am reading the text naturally from the image provided. The text seems to be discussing various aspects of art and artists, mentioning concepts like "장르" and "작가" (genre and artist). It also includes references to "술" and "술 가" (drinking and artists), and some mention of "메모리" (memory), "저작권" (copyright), and "역사" (history). The text seems to combine elements of art, social commentary, and philosophical musings. Overall, it appears to be a thoughtful exploration of the nature of art and its place in society.
